Event Activity Selection

Please let us know how much off-road driving experience you have:

- Little to None
- Moderate - Occasional off-road trips
- Quite experienced

Being that this is a new location for the Texas National Event, we are going to gauge the number of participants to keep them in as small a group as possible roughly 8-10 trucks or less.

Our goal is to cover as much of the 1800 acre park as possible while splitting the trucks up evening as far as make, modifications, and skill level. This park offers many options along many of the trails to where you can have a mixed group of skill levels and still move along smoothly.

We will determine your group during registration and if need be the starting point of the first day.
